 - D. 14 days

quiz | Hopper & Joey Quiz | Answer Key

9. Which of the following is **NOT** a way to connect the whole-home network to the Internet?
- A. **Connect to the Internet using your HDMI cable**
 - B. Connect an Ethernet cable directly to the Hopper
 - C. Use a Wireless Adapter to access the home's wireless network
 - D. Connect a Hopper Internet Connector (HIC) to enable Internet through coaxial cable
10. PrimeTime Anytime only impacts DVR hard drive space if the customer chooses to save a program to the "My Recordings" part of their DVR.
- A. **True**
 - B. False

PrimeTime Anytime does not use the customer's personal DVR hard drive space. Customers have the option to save their favorite on demand primetime content to their DVR (in "My Recordings") before the 8-day window expires. In this situation, the saved content will use their personal DVR hard drive space.
